

BRING OUT YOUR INNER DESIGNER!

DESIGN THE COCKTAIL MODULE OF THE FUTURE!

Be a part in forming the cocktail module of the future.

FlashBar is Scandinavia's number one module system for bartenders.

30 years of designing top quality stainless steel modules is the base for this industry reach out to bartenders that want to be a part of the future.

Alongside introducing the industry's lowest emissions raw materials and best factory working conditions we want YOU to take a part of designing our new cocktail module.

First of all – click into our web page www.flashbar.no and check out the system and the various modules that will be a part of the construction.

To participate - [give us a thumbs up on Facebook](#) – and start thinking like a designer.

The cocktail module must contain: ice - mixers - spirits - bitters - sink - spray rinser - utensils. Work surface in module or on drip-tray. Two sizes to be made - 800 mm wide for small venues and 1300 mm for larger.

Look closely at already existing modules that can be placed adjacent to your design for fulfillment.

Remember that this module should satisfy the majority of bartender out there – we know we can't cater to all with standard module – we do that with our custom made bars StarBar that can be found at Himkok – Skt Petri – Bortenfor – Sky Bar Helsinki – Flavours and many other fine venues.

The entries will be judged by a jury:

Timo Siitonen
– the Finnish legend will judge the work flow and efficiency of the bartender

Malin Stavsvøien
Diageo World Class Norway Best Bartender 2019
Work Flow and efficiency judge

Håvard Berge
– FlashBar plant manager will judge the automation and mass production

Gunnar Zahl
Account manager Edrington. Former competitor in various cocktail competitions
3 decades of experience

Morten H Larsen
– founder and CEO of FlashBar and StarBar

All entries must be sent in to post@flashbar.no and the top 3 designs will be presented and judged.

The winner will be able to give the design a name and choose whether to be paid a one off design fee or to have a cut of all sales of the module.
